

Foam Hand Sanitiser

Product Description

The Flourish professional foam hand sanitiser is a naturally derived, alcohol and quat-free sanitiser. It delivers a highly efficacious, more cost effective solution that is environmentally friendly and gentle on skin. Ideal for both health care and food handling environments. Also suitable for schools, offices, washrooms, hospitality areas, public transport and all public areas to help control the spread of germs.

Core Benefits

- Kills 99.999% of many common germs.
- Virucidal and bactericidal.
- Approved to EN14476 & EN1276.
- Foam clings easily to hands unlike gels.
- Uses beauty industry technology to minimise irritation and prevent drying, leaving soft hands.
- Offers residual protection unlike alcohol hand sanitisers.
- Up to 50% more washes per volume than gels.
- No clogs, splashes or drips.
- No water required.
- Free from dye and perfume, suitable for food prep areas.
- Non flammable, requires no special storage.
- CO2e reduced by 85%.
- Alcohol and Quat free.
- 100% Biodegradable.
- Natural and sustainable technology.
- Safer for the user than traditional sanitisers.

Environmental

- Local UK production and supply chain reduces CO2e impact.
- Technologies are renewable and sustainable, sourced from plant extracts, fermentation, microbes and manufacturing by-products reducing CO2e and environmental toxicity.
- Post consumer recycled bottles provide a circular life cycle reducing CO2e and removing physical plastic pollution.
- Certified ISO9001:2015 & ISO14001:2015.
- Readily biodegradable.
- Never tested on animals.

Contains: Aloe Vera

Directions For Use

Apply one dose of the foam hand sanitiser. Rub well across dry hands. Allow to air dry naturally.

Health & Safety

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet (SDS). Product is non-flammable so no requirement for secure, ventilated storage. Store at room temperature.
